1. I have reviewed the attached memorandum and annexes there-
to concerning a proposal to transfer to this Office certain responsi-
bilities with respect to the after-hours handling of telephonic
inquiries for information on home telephone numbers of semi-covert
personnel. I concur, in general, with the recommendations made in
the attached memorandum.

2. In implementing the proposed procedure, I recommend the
following actions:

a. Publication of an Agency notice calling attention
to the provisions of Agency Regulation [] and es-
pecially to the necessity, from a security standpoint,
of submitting changes in locator information. *OK*

b. Publication of an Agency notice to the effect that
after hours only certain designated "key officials" are
authorized to request and receive information on home
telephone numbers or addresses of semi-covert personnel.
The notice should request each office concerned to forward
to the Security Office a list of the key officials
selected in each office. The notice should point out
that the key officials would be required to identify
themselves by name and badge number upon calling for
information. *OK*

c. Pink cards, now included in the locator file used by
the telephone operators, should be removed and their file
maintained only on category 1 and 2 personnel. *Withdawn*

d. Badge data, such as serial number and secret number,
not to be shown on any card or in any file not under the
control of the Security Office. *OK*

e. Security violations not to be automatically charged
for failure to submit changes in locator information.
Dereliction in this matter should be handled by adminis-
trative action, with a security violation charged only
if the circumstances warrant such action. *OK*
